FARMVILLE.

In the fight for the Farmville postoffice the skirmish line is advancing and desultory firing is now and then heard. The storm center is as yet located in Petersburg, the home of Gen. Stith Bolling, whose endorsement is considered next in importance to that of the President himself, but will soon be transferred to Washington. The entries so far for the race are Messrs. Richardson, Harris and Garnett, the first two being old stagers, the latter new to the track. Mr. Bugg's term does not expire until next February, but some of the aspirants are hoping that Mr. Roosevelt will hurry up the appointment. As he is a man given to surprises he may inject one into this contest.

In this connection I am reminded to say that Dr. Southall, our Congressman, ought to get the "hustle on" and secure a postoffice building for us. Martinsville is no more of a city, and yet has an imposing and most convenient United States building. The way to get things is to ask for them and then work to have the asking answered.

The little touch of summer has put us to thinking more and more of our ice cream factory while our soda fountains are growing in popularity.

The base ball devotees are happy, among them being some of our leading educators.

Dr. Crute spent some pleasant days in Richmond last week. The Judge and Mrs. Crute are happy in having the doctor and his charming wife as members of the home circle. I do not know of a happier household.

The old home of the late Dr. Jno. A. Cunningham has been vacated by his family. Washington will be their future home. Farmville gives them up reluctantly.

The statements just made by our local banks give evidence of splendid management. The First National is a record-breaker. Its growth has been something wonderful. Even the baby bank at Meherrins gives promise of soon developing into strong manhood. This showing is proof positive of general prosperity, for all the money in our banks belong to our people. No bank ever did or ever will own a cent. This capital stock is paid in by the people, the depositors are made by the people and they pay all the interest that is earned. So the whole "shooting match" belongs to the people, and they can do with their own as they choose. Banks are essential to business life, to civilization itself, and they are the safe guardians of all of our money. Put it in the bank and pay your debts is shocks Farmville rejoices, too, that the West Appomattox bank is so flourishing as to demand a new home and larger quarters. "There is glory enough for all."

We are to have with us a summer Normal and will entertain teachers and students right royally.

Our soldier boys are glad to get that extra pay for services rendered in time of war, just such a war as we prefer—none dead, wounded or missing.

Mrs. R. B. Tuggle attended the marriage of her brother, Mr. W. B. Berkeley, which took place at the home of the bride, who was Miss S Primrose Cassell, in the city of Baltimore on the evening of the 18th. Mr. and Mrs. Berkeley will make their home in Raleigh, N. C.

Elam.

An Easter entertainment will be held at Prospect church this afternoon, beginning promptly at two o'clock

Miss Marjorie Cranby closed her school near this place on Saturday afternoon. There was an Easter egg hunt given the children by their teacher, which was enjoyed very much.

Mr. A. M. Elam, of Darlington Heights, visited at Mr. W. B. Shiflett's on Sunday night.

Miss Rosa Davis, Miss Georgia Coleman and Messrs. Baxter Wilkerson and Harry Davis were the guests of the Misses Elam, near this place, on Sunday afternoon.

Mrs. L. J. Mann is the guest of her mother, Mrs R. N Wilkerson, near Prospect.

Miss Lelle Reynolds has returned home from Acteon, where she taught school last winter.

Mr. Morton Elam was the guest of his uncle, Mr. I. O. Reynolds, Sunday.

Mrs. Herman Phillips was the guest of her sister, Mrs. E. H. Gilliam, Sunday.

Mrs. J. A. Brighwell, of Acteon visited her son, Mr. E. H. Gilliam, Sunday afternoon.

We regret to hear of the illness of Miss Maynie Glenn, of Prospect, who was to be married at Prospect April 16.

We had a fine sermon at Olive Branch yesterday on the text, "There remaineth, therefore, a rest to the people of God." Our Sunday school was reorganized the first Sunday in April. Most of the old officers were re-elected.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly.

For sale by J. R. Atwood, Appomattox; R. J. Carter, Prospect; E. F. Glover, Evergreen.

While the President is not a candidate for re-election, his decision to make one of those popular trips "around the circle" will give several eminent Republicans a number of sleepless nights.

Uniform Examinations.

The examination of teachers for Appomattox county will be held in the Courthouse on Thursday, Friday and Saturday, May 3rd, 4th and 5th. Examinations will begin promptly at 9 a. m. each day. To obtain a 1st grade the applicant must make an average of 85 per cent, and not fall below 70 per cent on any of the subjects usually given, with the addition of drawing, elementary algebra, business formation arithmetic, composition, civil government, (including government of Virginia,) one branch of science either physical geography, elementary physics, or elementary agriculture, and one division of history either General or English.

For a 2nd grade the above branches will be required, except the sciences, and must make an average of 75 per cent, and not fall below 60 per cent on any subject.

For a 3rd grade the same branches are required as for a 2nd, except drawing, and must make an average of 65 per cent and not fall below 50 per cent on any subject.

All 1st and 2nd grade certificates that have, or will expire this year can be extended for one year, by filing with the examiner of this district, satisfactory evidence of work done in school room by the Division Superintendent, and the clerk of District in which the teacher last taught.

All applicants must use either legal or foolscap paper, and answers must be written with pen and ink.

Both white and colored teachers will be examined the same day, but in separate rooms.

Respectfully,

J. K. HANNAH, Supt.

Over-Work Weakens Your Kidneys.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood

If they are sick or out of order, they take the blood with them.

Then backaches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

Doan's Kidney Pills make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root. free, also pamphlet telling you how to find out if you have kidney or bladder trouble Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

It is said if a man wants to commit political suicide he has only to fall out with the newspaper men and get the newspapers against him, but as a rule I think newspaper men will "vote fair," so to speak; and on the other hand they are not accorded as much consideration as would be the case if subscribers knew how editors and proprietors of papers often have to struggle to make out expenses, and they would not borrow their neighbor's paper to keep from paying the small amount of subscription, nor would they return the county paper to the postoffice marked refused. The editor of the Omulgee (I. T.) Democrat, after long suffering and perhaps much endurance, comes forward with a comparison, thus: A man may use the mole on the back of his neck for a collar button, he may ride a freight to save 3 cents a mile, he may light the lamp with a splinter to save matches, he may stop his watch at night to save wear, use a period for a semicolon to save ink and pasture his grandmother's grave to save hay, but a man of this kind is a scholar and a gentleman compared to a man who will take a newspaper and when asked to pay for it put it back in the postoffice marked "Refused."

Dr. Lacy came and filled his appointment here on the 24th (night) and 25th, preaching two fine sermons, impressing all with his earnestness and zeal in the Master's cause. Two collections were taken up each for the San Francisco sufferers. In private conversation Dr. Lacy expressed his idea that this dire visitation of earthquake and fire was a sign of the times, and he is of the opinion that in the near future other earthquake shocks will be felt, and while he is, as always, foremost in trying to relieve the suffering at the site of the doomed city he would not contribute anything to the rebuilding of the city. Indeed, he is of opinion that the eagerness that is manifest among former owners of property there is almost like defying the Almighty. I guess that many innocent people suffered by the orders to the military to shoot down those found looting or, to use the slang, "swiping," and in some cases deception was no doubt practiced. One case was reported of a man claiming the corpse of a woman as that of his mother and falling down in the attitude of great grief beside the dead body, when close examination disclosed the horrible fact that he was biting off the ears of the dead woman to get the diamond earrings, and when he was shot by a soldier he had one of the coveted stones in his mouth.

Corn planting is in full swing and spring work on the farm is well advanced.

Mr. Thornhill Snoddy has the fields white with newly-cut cordwood to be shipped. This is a great industry here now, and if the wholesale cutting of wood and timber continues many years the incoming generation will have to use coal for fuel and building material other than wood.

There were two storms, one Saturday and one Sunday about the time people were going home from church, and some people got wet.

There is considerable talk now about running a tramway or some kind of railway from this place to White Hall, but the scheme has not matured yet. However, it seems the long-needed railway from a point on the main line of the C. & O., running south to Danville, is likely to be built. This will be the first line running north and south and will supply a much needed connection.

Fresh fish were on the market in plenty on Saturday at 25 cents a dozen for herring, and other fish at prices in proportion.

A lot of steel ranges have been sold by agents driving through the country. I think the price, on time, is about $73, and people have bought them who have to work mighty hard to get something to cook.

Mr. J. B. Gilliam has been on the sick list for some days.

Mr. Will Hall, Jr., has been operated on for appendicitis in Lynchburg.

Mr. and Mrs. Hinderlite and family, of Brasil, have arrived at the home of Mr. L. C. Moseley.

Congressman Flood has written to his friends asking them to remind the voters in each district that if their capitation tax is not paid before the 5th of May they cannot vote, and that in order to vote in the election of county officers a voter will have to show two capitation tax receipts. The tax-collectors have been quite active, too, and I think most of the capitations in this district will be paid within the required time.

Mr. M. L. A. Moseley, of Slate River, is strongly indorsed for appointment as commissioner of revenue in district No. 2.

I think the ring is making up the slate for county officers, but the independent voters are mighty tired of these cut-and-dried primaries and may out-do the ring for one time.

A Pretty Church Marriage.

A marriage of unusual interest in Buckingham took place to-day, April 26th, 1906, at 3:30 p. m., at the Glenmore Methodist Church, when Miss Lulu J. Jones, the young and attractive daughter of Mr. W. A. Jones, of Glenmore, became the bride of Mr. Luther T. Agee, of Scottsville, Va. The church was beautifully decorated and lighted by wax candles and was crowded with friends of the pretty and attractive bride. The bridal party entered the church to the strains of Mendelssohn's wedding march, beautifully rendered by Mrs. J. S. Sales, of Richmond, Va. The Rev. W. P. Province, of the M. E. Church, performed the ceremony in a very solemn and impressive manner. The maid of honor was Miss Annie Jones, sister of the bride. Mr. Willie Agee, brother of the groom, was best man. The bride was attended by the following bridesmaids: Misses Lessie Miller, Virginia Burch, Pirie Agee, of Farmville, Va.; Mamie Wilkerson, of Cumberland; Edna Stinson, Van Lew Agee, Nellie Stinson and Mary Agee. The bridesmaids wore dainty frocks of white organdie and carried fans tied with white ribbon.

The groomsmen were Messrs. Tung Miles, of Hinton, W. Va.; George Wilkerson, of Cumberland county; Thomas Miller, of Keyford, W. Va.; Irvin Steger, S. R. Gault, of Scottsville; Dave Nicholas, Guy Agee and John Snoddy. The ushers were Messrs. J. B. and F. L. Agee. The flower girls were little Miss Virginia Jones and Mary Steger, dressed in liberty pink silk and carried apple blossoms.

The bride was gowned in a robe of liberty silk and white tulle veil, caught up with a spray of lilly of the valley. She carried a shower bouquet of the same flowers.

The couple left immediately with a number of friends for the home of the father of the groom to attend a reception near Scottsville. The couple will then take a trip for a few days to Washington, D. C., and will then be at home to their numerous friends at Scottsville, Va.

At Naugatuck, W. Va., a man with $1,400 fell from a bridge to the ground, 130 feet below, and was thought to be fatally injured until the doctors found the money on him.

J. H. HARVEY KILLED

ELESTER SEARS FELLED HIM WITH A BIG STICK.

Trouble Occurred Over an Old Tax-Ticket on Last Wednesday Morning.—Preliminary Hearing Had Before Justice Thorpe, Who Refuses Bail and Sends the Accused on to Grand Jury.

On last Wednesday morning Deputy Tax-Collector Elester Sears, a brother of Mr. E. P. Sears, got into trouble with Mr. Joel H. Harvey, who lives at Rose Bower, at which place the trouble occurred, and as a result the former is now in jail charged with murder and the latter is in his grave. The evidence shows that Mr. Sears and Mr. Harvey had some words over an old tax-ticket on the morning of the 25th ult., and that young Sears returned an hour later and killed Harvey. There seems to have been no one present at the time of the killing. As soon as Sears heard Harvey was dead he surrendered himself to Deputy Sheriff McKinney and has been in jail ever since. Sears is a young man not yet 21 years of age, and has always borne a splendid reputation, and his friends say he had no idea of killing Harvey when he struck him. Both families are prominent and much sorrow and regret is expressed over the unfortunate occurrence.

Harvey leaves a young wife and several small children. His remains were interred in the presence of a large crowd of relatives and friends at the home of his father, Mr. Thos. Harvey, on last Thursday evening.

THE PRELIMINARY HEARING.

At 5 o'clock Saturday evening the prisoner was brought before Justice Thorpe and took his seat by his counsel, Congressman Flood, who came in on the evening train to represent him. Mr. Ferguson conducted the case for the Common wealth. A good crowd of friends of both parties was present. Owing to relationship Justice Moses did not sit in the case, although he issued the warrant under which the hearing was held.

W. T. Coleman, the first witness, testified substantially as follows:

Sears came up the road from P. Goin's to the shop; he had passed the shop in the morning; Joel asked if he saw young Woodson; he replied no, it was so far he wouldn't ride over; he could send his taxes to the depot; Harvey replied he didn't know whether he would or not, that he, Harvey, paid his taxes last year and had never gotten ticket; it was tridlingness in the tax-collector; Sears said he didn't think that he ought to talk that way about his brother; Harvey said his brother was'nt any better than anybody else; Sears then enquired the way to Gallagher's; Harvey said you can ride or walk; Sears replied, suppose I can crawl if I want to. Then Coleman, the witness told him the way—take the left hand road; Sears then rode off; John Bryant had finished shoeing mules; I put mules in stable; I started to the house and met Harvey coming after horse, saying he wanted Bryant to shoe it while there; I then went in the house and began reading; sat a few minutes and saw Sears coming around the fence; he had been there about two minutes; thought he had gone by; he could not have been at the shop over two minutes, I heard a lick and thought the horse had kicked Bryant and I straightened up to the chair, just as I raised up Sears ran in and said, "get a bucket of water, a man badly hurt out here." I grabbed the water and started and as I got to to the gate saw Harvey lying on his face in the road; Sears ran out the gate in front of me and said, I hit him harder than I aimed to; I said yes and you leave here as quick as you can; he didn't stop a moment but grabbed his bride from over the rack and went in a sweeping gallop; then I went to work on Harvey; Bryant and I carried him in the house; the stick was lying where he hit him—the stick was exhibited. [Flood objected to introduction of stick, which objection was promptly overruled by court and the stick was introduced.] Found the stick lying in two or three yards where Harvey was lying; it had been lying across the road for two or three weeks; it was a piece of Covington's buggy tongue. When I carried Harvey in the house I thought he was breathing his last, but he lived until sunset. He was never conscious or spoke afterwards. He was well and strong that morning.

Cross-examination Witness said Harvey paid his taxes six weeks ago when asked if Sears collected Harvey's taxes. When Sears came up from Goin's I was there and Joel was stooping down showing how he wanted mules shod.

Mr. Sears stopped for what purpose?

He rode up and stopped and Harvey asked him if he had seen Woodson. He had no business there that I know of.

I see it stated in the newspapers that Harvey was drinking; is that so?

He took a drink that morning and asked me to have one; I saw no difference in him than morning than any other time; I did'nt see the difficulty, I was in the house. Bryant was working in the shop; as I ran out the gate Bryant ran out the shop. I got to Harvey first; he was fifteen steps from shop door and twenty steps from gate.

What would you have done if Sears had'nt left when you told him?

Well, I started to go back and get the gun, but he struck out.

Very well he left was'nt it, or there might have been other deaths?

I guess it was.

"I'll send doctor," said Sears, as he galloped away. I never answered; I did'nt want his assistance. I sent Hock Woodson in about 25 minutes after the doctor.

Re-examined He had just a good drink and I took a drink; I took most of what was left. Being asked what he called a good drink the witness said: I call a gill a good drink. Dr. J. B. Abbitt, the attending physician was called; I was the only attending physician of Harvey; I got there a little after three o'clock, found him unconscious, suffering from an extensive hemorrhage; I went down at solicitation of Sears, met Woodson coming. Sears said he had had a scrap with Harvey and hit him with a stick, I remarked there until he died. I attributed his death to a wound over the right temple; wound was just above eye and to the right of right corner. I found no other wounds; the outer plate of skull was not fractured as far as I could ascertain; it is possible to fracture the inner skull without breaking the outer skull.

The Commonwealth here rested the case, but Mr. Flood asked the court to put on the other witnesses. Mr. Ferguson said he would ask them no questions. Court put witnesses on.

Witness M. F. Kyle said, being questioned by Mr. Flood: I don't know anything about the case; I helped to shroud Harvey. I observed a bad wound across his right eye; I thought his head was cracked on top also; I felt it give way. I think there was a lick on top of the head; the skin was not broken anywhere; I called R. P. Bryant's attention to the fracture.

Witness R. P. Bryant testifies being questioned by Mr. Flood:

I know nothing about the case, only there when Harvey was shrouded; he had a bruise on head, it seemed to me he had a lick across the head, and I thought it was broken; it looked like Harvey received two licks. If struck by a right-handed man he must have been hit from behind. Skull seemed to be crushed.

The witness in saying that he must have been struck from behind elicited some further questions from counsel for defense and as a result the witness finally said that a right-handed man could have
